**E. Church.**—A Child is being born now, who will be  
christened at our Chapel—the name of the child is to be  
called after our dear General, and the name of the  
child will be given to him in their urgency that by signing a certain  
petition in their possession, it be presented to the General Con-  
ference to be held in the E. Church, would, in a degree, if not  
fully, quieten us we compiled. Our only object was the good of  
the Church. Since affixing our names to it, we have, of course,  
thought over the matter, and have come to the conclusion that the  
course we took was right, and that we were in the right, and  
are entitled to know the error under which we labored, and must satisfy whatever weight our names might  
possibly give the document in question.

We, laymen in good standing, we protest against the  
way the people are being paid, and the manner of believing that if  
their efforts are dedicated solely to the object of Christ's Mission  
on earth, "the saving of men's souls," their calling will not be  
understood, and no necessity will be found for the publication
